Bachelor of Arts (BA) is a three years programme that enables you with necessary skills that are required to sustain and succeed in different work cultures. These include critical and innovative thinking, the importance of communication, humanities, language and an understanding of society at large. This programme will impart academic orientation towards research, innovative thinking and writing, while you undertake specialist subjects tailored to your specific career path.

B.A Graduates interested in pursuing higher studies in the discipline may go for pursuing M.A. or research work in the subject. Given its scope, the programme will benefit anybody (with 10+2 years of formal schooling) keen to gain deep knowledge in the subject area.

There is much more to the program than what I was expecting initially. It has been much more than an educational experience. It has been a phenomenal leadership training, personal growth and professional development experience as well. I think the entire program is very well designed and adds tremendous value to my long-term career aspirations.
