“

Amity University is a very good institution that offers practical lessons highly applicable to life and industry. I must acknowledge the fact that Master of Financial Management course I undertook has given in-depth knowledge of the finance role as well as the skills needed to think strategically. I recommend this to all those seeking to develop a career in finance.”

# About the Programme

## MASTER OF COMMERCE

Learning Efforts - 12/15 hrs a week | Duration - 2 Years | Credits - 97

---

Master of Commerce is a 2-year (4 semesters) programme that aims to equip the graduates and working professionals with the requisite knowledge and skills in Financial Management. The program helps you gain knowledge of conventional general principles and financial management traits. Decisive financial activities are involved while setting or achieving impeccable business goals. This may include financial planning, organizing, directing and controlling activities such as procurement and utilization of funds of the enterprise along with Security Analysis and Portfolio Management, Strategic Financial Management, Banking Principles and Practices and more. After the completion of the programme, learners will gain strong subject-matter expertise in finance. They will also acquire essential knowledge on how to align the financial strategy of any organization with the development of the economic and financial environment.
