I. HEI Details

Name of HEI: **Amity University**

Address of HEI: **Sector-125, Noida, Uttar Pradesh, Uttar Pradesh, Gautam Buddha Nagar, 201313**

State **Uttar Pradesh**

District **Gautam Buddha Nagar**

PIN **201313**

Website URL **www.amity.edu**

Contact Details

Vice Chancellor

Name: **PROF DR BALVINDER SHUKLA**

Email: **bshukla@amity.edu**

Mobile **9810199453**

Phone (Off.) **1204392672**

Phone (Resi.) **1204392672**

Highest Educational Qualification **Ph.D**

Experience **Teaching and Administrative both**

Registrar

Name: **Dr BL Arya**

Email: **registrar@amity.edu**

Mobile **9818210093**

Phone (Off.) **1204586882**

Phone (Resi.) **1204586882**

Highest Educational Qualification **Ph.D**

Experience **Teaching and Administrative both**

School of study / Department Offering Online Program

Name of School of study / Department Offering Online Program: **Amity Directorate of Distance and online Education**

Name of Director of Department /School of study: **Dr Manoranjan P Ram**

Address: **Sector-125, Noida, Uttar Pradesh, Gautam Buddha Nagar, 201313**

State **Uttar Pradesh**

District **Gautam Buddha Nagar**

PIN **201313**

Contact No. of Director: **9818210093**

Phone (Off.) **1204586882**

Phone (Resi.) **9818210093**

Highest Educational Qualification **Ph.D**

Experience **Teaching**

Nature of HEI: **Dual mode**

II. Proposed Programme Details

1] Name of the Programme : **BACHELOR OF ARTS (TOURISM ADMINISTRATION)**

Subject Area **Management**

Level **UG**

Is it a Professional Programme **No**

Whether Programme requires Practical or laboratory courses as a curricular requirement **No**

Duration (In months) **36**

Credits **110**

Total Number of Courses in the Programme **25**

No. of Semester **6**

Course Details

SR No	Course name	Credit	Semester
1	Ecology Environment and Tourism	4	Semester I
2	Fundamentals of Tourism	4	Semester I
3	Principles of Management	4	Semester I
4	Tourism Product and Services	4	Semester I
5	Culture and Heritage Management	4	Semester II
6	Geography of Tourism	4	Semester II
7	Tourism Organization	4	Semester II
8	Transport System	4	Semester II
9	Destination of India - 1	4	Semester III
10	Introduction to Hospitality	4	Semester III
11	Tourism Planning and Policy	4	Semester III
12	Travel Agency Management	4	Semester III
13	Basics of Tourism Marketing	4	Semester IV
14	Global Tourism resources	4	Semester IV
15	Introduction to Aviation and Cargo	4	Semester IV
16	Special Interest Tourism	4	Semester IV
17	Basics of Accounting	4	Semester V
18	Contemporary issues for International Tourism	4	Semester V
19	Destination Planning and Development	4	Semester V
20	Introduction to Airfares and Air Ticketing	4	Semester V
21	Event Management	4	Semester VI

22	Human Resource Management	4	Semester VI
23	Sustainable Tourism	4	Semester VI
24	Tourism Laws	4	Semester VI
25	Project Work	6	Semester VI

Proposed academic session to offer the programme **July 2019**

Annual Fees (in Rs.) **122400**

Date/Month of start of the academic session **01-07-2019**

Proposed Programme is already being Offered as: **Conventional(Regular mode of classroom teaching)**

How many batches have passed out **1+**

Statutory Detail

Year of Approval(Statutory) **2018**

Letter/Document No(Statutory) **13/2005/19**

Counselling Process

Mode of Counselling : **Synchronous**

Brief describe the provision in LMS to be used by HEI : **The Synchronous learner engagement techniques are pedagogically devised and strategically implemented to meet the intended learning outcomes of a course. Below are the key LMS (Learning Management System) features which facilitate the synchronous teaching-learning: 1. Virtual Classrooms: These classrooms are conducted over the LMS, where live sharing of desktop screen, presentations, documents, whiteboards etc. are facilitated between the faculty and learners in real time. It is further supplemented with two-way audio communication channel for the emotional connect of learners and teacher, while the real-time chat feature allows learners with low band width of internet to participate in the session. These classrooms are referred to as "Live Interactive Sessions" and students are also given the opportunity to present themselves in front of the participants. 2. Discussion Forums: The case study/ topic based discussion forums are moderated by the faculty in both synchronous and asynchronous mode. The faculty are available for live interaction with the students, five days a week, as per the notified schedule. This feature gives an extra edge for engaging students on a daily basis and thereby ensures that the practical approach of the learned topics are grasped by the learners through Case Studies/ topics/ articles. 3. Chat Forum (Ask Your Professor): "Ask Your Professor" is a 24 X 7 active chat feature of the LMS, which can also be accessed through Mobile App, anywhere and anytime. The faculty responds in real time, depending upon their availability and hence encourage better inferences and conceptual clarity of the topics. Also, the above features are enhanced by the auto alert system and notifications.**

2] Name of the Programme : BACHELOR OF BUSINESS ADMINISTRATION

Subject Area **MANAGEMENT**

Level **UG**

Is it a Professional Programme **No**

Whether Programme requires Practical or laboratory courses as a curricular requirement **No**

Counselling Process
Mode of Counselling : Synchronous
Brief describe the provision in LMS to be used by HEI : The Synchronous learner engagement techniques are pedagogically devised and strategically implemented to meet the intended learning outcomes of a course. Below are the key LMS (Learning Management System) features which facilitate the synchronous teaching-learning: 1. Virtual Classrooms: These classrooms are conducted over the LMS, where live sharing of desktop screen, presentations, documents, whiteboards etc. are facilitated between the faculty and learners in real time. It is further supplemented with two-way audio communication channel for the emotional connect of learners and teacher, while the real-time chat feature allows learners with low band width of internet to participate in the session. These classrooms are referred to as "Live Interactive Sessions" and students are also given the opportunity to present themselves in front of the participants. 2. Discussion Forums: The case study/ topic based discussion forums are moderated by the faculty in both synchronous and asynchronous mode. The faculty are available for live interaction with the students, five days a week, as per the notified schedule. This feature gives an extra edge for engaging students on a daily basis and thereby ensures that the practical approach of the learned topics are grasped by the learners through Case Studies/ topics/ articles. 3. Chat Forum (Ask Your Professor): "Ask Your Professor" is a 24 X 7 active chat feature of the LMS, which can also be accessed through Mobile App, anywhere and anytime. The faculty responds in real time, depending upon their availability and hence encourage better inferences and conceptual clarity of the topics. Also, the above features are enhanced by the auto alert system and notifications.

9] Name of the Programme : MASTER OF COMPUTER APPLICATION

Subject Area **INFORMATION TECHNOLOGY**

Level **PG**

Is it a Professional Programme **No**

Whether Programme requires Practical or laboratory courses as a curricular requirement **Yes**

Duration (In months) **36**

Credits **120**

Total Number of Courses in the Programme **30**

No. of Semester **6**

Counselling Process

Mode of Counselling : **Synchronous**

Brief describe the provision in LMS to be used by HEI : **The Synchronous learner engagement techniques are pedagogically devised and strategically implemented to meet the intended learning outcomes of a course. Below are the key LMS (Learning Management System) features which facilitate the synchronous teaching-learning: 1. Virtual Classrooms: These classrooms are conducted over the LMS, where live sharing of desktop screen, presentations, documents, whiteboards etc. are facilitated between the faculty and learners in real time. It is further supplemented with two-way audio communication channel for the emotional connect of learners and teacher, while the real-time chat feature allows learners with low band width of internet to participate in the session. These classrooms are referred to as "Live Interactive Sessions" and students are also given the opportunity to present themselves in front of the participants. 2. Discussion Forums: The case study/ topic based discussion forums are moderated by the faculty in both synchronous and asynchronous mode. The faculty are available for live interaction with the students, five days a week, as per the notified schedule. This feature gives an extra edge for engaging students on a daily basis and thereby ensures that the practical approach of the learned topics are grasped by the learners through Case Studies/ topics/ articles. 3. Chat Forum (Ask Your Professor): "Ask Your Professor" is a 24 X 7 active chat feature of the LMS, which can also be accessed through Mobile App, anywhere and anytime. The faculty responds in real time, depending upon their availability and hence encourage better inferences and conceptual clarity of the topics. Also, the above features are enhanced by the auto alert system and notifications.**

Counselling Process
Mode of Counselling : Synchronous
Brief describe the provision in LMS to be used by HEI : The Synchronous learner engagement techniques are pedagogically devised and strategically implemented to meet the intended learning outcomes of a course. Below are the key LMS (Learning Management System) features which facilitate the synchronous teaching-learning: 1. Virtual Classrooms: These classrooms are conducted over the LMS, where live sharing of desktop screen, presentations, documents, whiteboards etc. are facilitated between the faculty and learners in real time. It is further supplemented with two-way audio communication channel for the emotional connect of learners and teacher, while the real-time chat feature allows learners with low band width of internet to participate in the session. These classrooms are referred to as "Live Interactive Sessions" and students are also given the opportunity to present themselves in front of the participants. 2. Discussion Forums: The case study/ topic based discussion forums are moderated by the faculty in both synchronous and asynchronous mode. The faculty are available for live interaction with the students, five days a week, as per the notified schedule. This feature gives an extra edge for engaging students on a daily basis and thereby ensures that the practical approach of the learned topics are grasped by the learners through Case Studies/ topics/ articles. 3. Chat Forum (Ask Your Professor): "Ask Your Professor" is a 24 X 7 active chat feature of the LMS, which can also be accessed through Mobile App, anywhere and anytime. The faculty responds in real time, depending upon their availability and hence encourage better inferences and conceptual clarity of the topics. Also, the above features are enhanced by the auto alert system and notifications.

28] Name of the Programme : POST GRADUATE DIPLOMA IN TRAVEL AND TOURISM MANAGEMENT

Subject Area **TRAVEL AND TOURISM**

Level **PG Diploma**

Is it a Professional Programme **No**

III. e-Content, LMS & Students Support

A. Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available)

a) Learner Authentication integrated with AADHAAR or other government recognised identity for Indian students and Passport for foreign students:

Student needs to submit any ID Govt Id proof during filling the registration form on Amity Online Registration Platform . Indian Students are asked to submit (AADHAR/DL/PAN card) . and students with foreign nationality will be submitting valid Passport copy. The submitted documents are then verified by Admission department to authenticate the student.

b) Learner Registration - through a web application :

The Online Registration System capture student details in 3 steps: 1. Basic information including Address and Identify proof 2. Qualification details and documents to check eligibility 3. Fee Payment to enroll into respective programme.

c) Payment Gateway –using Digital Payment system:

Admission platform has the provision to pay fees online via various PG (Payu/Zest/Paytm) ,student can pay fees by using Credit card, Debit card and Internet banking.

d) Tracking the delivery of a Course or programme:

To facilitate the online flexibility in delivering a course, the Learning Management System functions as a platform where all the pre, during and post activities of delivery are conducted and monitored. The tracking process for the different delivery phases are: • PRE-Delivery: During this phase, the courses are created with a standard structure which maintains the uniformity for all deliverables throughout all courses. The Subject Matter Expert (SME), LMS Team and Instructional Designers (IDs) work collectively to define the best pedagogical pattern of delivering different types of learning materials. Auditing and continuous monitoring is done by the LMS team to ensure that the same structure is being implemented; as planned. Complementing the same, content auditing ensures the availability of learning materials for all navigation tabs in the LMS. • DURING-Delivery: The Amity Quality Compliance Auditor (AQCA) has a significant role in this phase and ensures that the correct content is delivered to the learners for study. Amity follows "Just in Time" (JIT) technique of Quality Management to ensure the delivery of right content at the right time to the right user. • Post-Delivery: This phase is the most crucial and ensures that the contents are being accessed by learners for completion of learning outcomes. Learning Analytics with graphical reporting helps to track the faculty-learner activities inside a course and helps in promoting learner engagement.

e) Learner's Engagement:

Learner's Engagement is a key aspect for attaining the pre-defined learning outcomes of a course. At Amity University, below are the steps taken towards engaging learners: • Late Evening Live Interactive Sessions: A better learning experience through direct interaction with subject matter experts. • One on One Virtual Session: Option of scheduling online session with the subject matter experts for special interaction on special request. • Discussion Forums: The discussion forum is a 24 X 7 active platform and can be accessed through mobile App, anywhere and anytime. Learners are encouraged to share their doubts online which are then responded by the SMEs. Globalized perspectives, due to worldwide distributed learner base promotes cross cultural aspects towards the discussion topics. In addition to resolving doubts, the SMEs also moderate discussion among learners towards better inferences. • Think Talks: On Facebook Live, where industry experts come together for a panel discussion to share their insights and experiences on global developments. • Webinars: Leading professionals from different industries come on-board for a live interaction with global learners. • Academic Activities: In addition to the above, various academic activities like Case Study contests, Problem Solving competitions are regularly conducted to engage the learners throughout their course of study.

f) Continuous Assessments and Results :

At Amity Directorate of Distance and Online Education, assessments are developed pedagogically with a strategic approach to meet the learning outcomes and are delivered online through the LMS. The Continuous Assessment Model of formative nature is distributed evenly throughout the syllabus in three categories: 1. Objective type questions embedded in video lectures 2. Case Study based questionnaires at the end of each module. 3. Peer assessments with self and anonymous feedbacks 4. Live Interactive Session attendance records 5. Graded Discussion Forums These assessments finally contribute towards the internal marks while evaluating and measuring the learning progress, skill acquisition and achievement of learning outcomes of the learners.

g) Analytics for active engagement of learners and Reporting :

In the field of Online Learning, Learning Analytics is the need of the hour for improving the overall quality of delivery in education and ensuring the accomplishment of learning outcomes of a program. At Amity, learning analytics is incorporated in the LMS, to enhance the learner engagement and report accordingly to counter act on the short comings of teaching-learning activities. Below are the key features of the analytics tool: 1) Measure Usage • By monitoring user interactions within the LMS environment, the analytics tool is able to provide detailed understanding on how LMS is being used by faculty and learners during their teaching-learning process. • Collects user activity data to generate reports. The reports can show adoption on an institution, department, course or individual user level. • Course activity reports are available for instructors • Live tracking of user activity in LMS, with respect to: - Context (where) - Actions (what) - Time (when) 2) Take Action • Based on the reports, targeted interventions and training could be done • Measure the impact of interventions. • Sending periodic alerts and reminders for due dates and inactivity in LMS

B. Status of e-content readiness in Four Quadrant Form of the Courses for each of the proposed Programmes as per 7 (2) (iii) of the Regulations.

SR No.	Program Name	Course Title	No of Modules/ units (X) ready out of total modules/ units (Y) in four Quadrant (As per 3(t) of the regulations)				LMS to be used for per course (SWAYAM/ Other)	If other LMS, provide details for sample module/unit	
			Quad.-1(X/Y)	Quad.-2(X/Y)	Quad.-3(X/Y)	Quad.-4(X/Y)		URL	Student login details

3. Briefly write on ICT facilities available/ to be ready dedicated for the implementation of Online Courses.

Amity Directorate of Distance and Online Education is equipped with high-end ICT facilities to offer programme through online mode. 1. All application hosted in Cloud to access anywhere anytime through any internet Browser. 2. Limited Internet Bandwidth requires accessing Portal. 3. Entire Infrastructure is build in elastic to handle any numbers of users concurrently. 4. Entire ICT infrastructure is fully protected by dedicated firewalls and 24X7 monitor through NMS tools. 5. Entire ICT is equipped with all statutory compliance and certified as per ISO norms. 6. Our dedicated team of SW Development, Server administration and Network Administrator manage entire ICT. Process we use to handle user requests as below. 1. H/W Load Balancer ? All requests from clients will come to Load Balancer. ? Load Balancer will send the request to cache servers in round robin sequence 2. Cache Servers • When Cache Server receive a request for first time it will fetch the required content from App server and DB server and from next time onwards it will serve the content from Cache Server itself for the same request comes to it. It will improve the performance of the application. • No. of Cache Servers can be extended as per load. 3. APP Server • Application server will be the server where the application will be hosted. • When Application receive the request it will go to the mem-cache if it will not find the requested url in mem-cache then request will go to the DB server then it will fetch the content from content/file server. • No. of APP Servers can be extended as per load. 4. MemCache • It will speed up the

database by caching data and objects in RAM to reduce the number of requests to be sent to database directly. 5. DB Servers • DB Server will serve the entire client request which is not fulfilled by cache server and mem-cache. • DB Server(s) will be setup in a HA mode; if one server goes down the other server should take up. • DB Server will be kept in Master/Slave model. Master DB will be read-write and other slaves will be read-only. • Number of DB servers can be extended. 6. Audio/Video Streaming Server • This Server will work as a streaming server for audio/video content and will directly link to all layers of architecture. Lecture Audio/Video production facility (a) Recording facilities: 1. Chroma based recording 2. Real-time recording 3. ppt based voice over recording (b) Editing Facilities: 1. Chroma based video editing - In this process, we interchange the chroma background from the desired background and add the suitable graphics or dynamic text. 2. Normal editing (based on real-time video recording) - We include the suitable graphics and dynamic text as per the requirement of the content. 3. ppt/graphics-based video editing - according to the recorded voiceover we add the graphics and visuals also the animations in the video. (c) Post Production processes & Standards. • Video recording format: Full HD 1920x1080 pixels • Videos aspect ratio: 16:9 (widescreen) • Module Delivery: 1080i following MPEG-4 AVC Compression • Audio Channel 1 to have Mixed Audio Track • Denoise the unwanted sounds, clicks and humming sounds • Chroma removal • Full screen Video Frame • Video frame to maintain 6-8% headroom • Video quality and Audio levels should be constantly monitoring while recording and editing

IV. Assessment & Evaluation

Briefly write in bullets on the methods and steps to be adopted for conduct of examination to ensure security, transparency & credibility of examination for

Technology enabled Proctored Examination:

- The examination at Amity University are directly control under the responsibility of Controller of Examination. • The Username and Login ID's are generated for every learner so that learner can see all relevant information as their studies progress. • Internal and External assessment are directly handled by Controller of Examination. • The question papers are completely inbound. • For setting of Question Papers, impanelled faculty members are assigned directly by the Controller of Examination for different domains. • The Controller of Examination has an exclusive penal to accept the question papers whereby he can access the status of question papers. Each faculty prepares 2 sets of question papers for each subject. • Once the question papers are received by Controller of Examination it goes for moderation of question papers under the supervision of Moderation Committee of the University. • The concept of question papers are based on Two Factors Authorization System. All question papers are encrypted and cannot be de-encrypt by any unauthorized person other than Controller of Examination. • The Mock Test is available on the admit card panel. The Candidate can use the same and practice as many times as he/she wants • Question Papers can be visible to students at the time of examination. It is authenticated by the access Key provided to the student before 5 minutes to start the examination. • Examinations are strictly gets over within the stipulated time frame and cannot be extended under any circumstance. • Technology enabled system ensures the fully secure and authenticated examination environment. • To authenticate the candidate, the proctored systems ask the candidate to show the Government ID proof and face recognition proof. • After approval by the proctor, student can start the examination.

Offline Proctored Examination:

- The Internal and External Examinations are directly controlled by Controller of Examination of Amity University • The question papers are completely inbound. • Unique identification and access have been issued to all learners for learning and assessment process. • For setting of Question Papers, impanelled faculty members are assigned directly by the Controller of Examination for different domains. • The Controller of Examination has an exclusive penal to accept the question papers whereby he can access the status of question papers. Each faculty prepares 2 sets of question papers for each subject. • Once the question papers are received by Controller of Examination it goes for moderation of question papers under the supervision of Moderation Committee of the University. • The concept of question papers are based on Two Factors Authorization System. All question papers are encrypted and cannot be de-encrypt by any unauthorized person other than Controller of Examination. • The Mock Test is available on the admit card panel. The Candidate can use the same and practice as many times as he/she wants • Question Papers can be visible to students at the time of examination. It is authenticated by the unique access Key provided to the student before 5 minutes to start the examination. • Examination strictly gets over within the stipulated time frame and cannot be extended under any circumstance. • The offline Proctored examinations are conducted under the strict physical supervisions of an Invigilator. • Technology enabled system ensures the fully secure and authenticated examination environment. • To authenticate the candidate, the proctored systems ask the candidate to show the Government ID proof. • After approval by the proctor, student can start the examination.

For Awards of Degree/Diploma/Certificate

i. Degree/Certificate has Aadhar Number / Passport / other Gov.-Registered Identifier

No

ii. The Degree/Certificate can be verified from the NAD/ HEI website

Yes

V. Human Resource associated with Centre / Cell for Online Programmes

1. Administrative Staff

Position	Number	Qualifications & Experience	Part Time / Full Time	Details of having ICT skills
I. Director	Dr. Manoranjan P Ram	Ph.D	Full Time	LMS skills, Instructional design expert, elearning expert, Open courseware developments, office automation
II. Deputy Director(E-learning and Technical)	Dr. Kanika Gupta	Ph.D	Full Time	LMS expert, e-learning expert, data base management, expert communication technology, knowledge of LMS
III. Assistant Directors(Give Details for each Asst. Director)	Mr. Sachit paliwal	PG	Full Time	Expert data base management, expert communication technology,LSM
IV. Assistant Registrar	Mr. Ashish Srivastava	PG	Full Time	Expert in Admn. processing,Communication technology
V. Section Officers	Mr Vikash c	PG	Full Time	Expert Admin. matter , Examination results, Knowledge of LMS, academic coordination,

2. Programme Coordinator for each programme full time (should be at the level of Prof. or Associate Prof.)(Annexure-1 of Online Regulations para 2(1)(a))

SR No.	Name of the Programme	Name of Programme Coordinator	Designation	Qualifications Give highest qualification	Experience (No. of Years)	Contact Details

4. Mentor – One Per Batch of 250 Learners(Qualification At the level of Assistant Professor with relevant qualification and Experience). (to assist Course Coordinator)(To be given on Admission expected)

SR No.	Name of Mentor	Experience (No. of Years)	Full time/ Part-time	Contact Details
1	Prof Gaurav Aggrawal	10	Full Time	4614200
2	Dr Kanika Gupta	12	Full Time	4614200
3	Prof keshav bhatia	22	Full Time	4614200
4	Prof Sachit Paliwal	10	Full Time	4614200
5	Dr Archana Singh	16	Full Time	4614200
6	Prof Aman Vats	20	Full Time	4614200
7	Prof Ashish Gilothra	20	Full Time	4614200

5. Examiners

Name of Examiner **Dr Amit Gaurav**

Qualification and years of experience **phd and seventeen years**

Name with address of Institution to which he/she belongs **Amity Directorate of Distance & Online Education ,C/O Amity University Uttar Pradesh, University Campus, Sector 125, Noida , Distt. Gautam Budh Nagar, Uttar Pradesh**

6. List of faculty for each of the programmes

Faculty Name	Designation	Qualification	Teaching Exp in Years	Full Time/Part Time	Email
Prof Gaurav Aggrawal	Asst Professor	PG	10	Full Time	gagarwal2@amity.edu
Ms Vandana Gupta	Asst Professor	PG	15	Full Time	vgupta1@amity.edu

Mr Alok Verma	Associate Professor	PG	17	Full Time	averma4@amity.edu
Mr Sachit paliwal	Asst Professor	PG	10	Full Time	spaliwal@amity.edu
Dr Sakshi Babbar	Professor	PhD	16	Full Time	sakshi.babbar@gmail.com

7. Technical Team (For development of E-Content as self leaving modules)

Position	Number (Minimum1)	Part Time / Full Time	Details of ICT skills helpful in implementing the Online Courses
(i) Technical Manager (Production) (Minimum-1)	3	Full Time	Ms Office, DBMS, SCORM, LMS
(ii) Technical Associate (Audio-Video recording-editing)(Minimum-1)	3	Full Time	Ms office, Photo shop, Articulate, ADOBE Premiere ,
(iii) Technical Assistant(Audio Vedio Recording)(Minimum-1)	4	Full Time	Camra handling skills, Cannon 5 D
(iv) Technical Assistant(Audio Vedio Editing)(Minimum-1)	2	Full Time	ADOBE Premiere , Camtesia

8. Technical Team (For Delivering of Online Coursesor Programmes)

Position	Number (Minimum1)	Part Time / Full Time	Details of ICT skills helpful in implementing the Online Courses
(i) Technical Manager (LMS & Data Management) (Minimum-1 per centre)	3	Full Time	Ms Office, DBMS, SCORM, LMS
(ii) Technical Associate (LMS & Data Management)(Minimum-2)	3	Full Time	Ms Office, LMS

9. Technical Team (For Admission & Examination Online)

Position	Number (Minimum1)	Part Time / Full Time	Details of ICT skills helpful in implementing the Online Courses
(i) Technical Manager (Admission, Examination & Result) (Minimum-1 per centre)	2	Full Time	Ms Office, Java, HTML, basic Internet
(ii) Technical Associate (Admission, Examination & Result)(Minimum-2)	3	Full Time	MS Office, Java, HTML, Basic Internet
