Subject: RE: Request for recognition of Amity Directorate of Distance & Online Education (ADDOE) programmes

Dear Dr. Babu Lal Arya,

Thank you for your detailed email.

I am pleased to announce; WES has updated our policies. Starting July 17th, WES treats distance education/open learning programs awarded by recognized UGC state private universities as accredited or recognized in the US and Canada. Please note the degrees must be awarded by a degree-granting university recognized by UGC.

Students with older WES evaluations under the previous policy may apply for an upgrade or re-evaluation to update their report to the current WES policy.

Please let me know if you have any other questions.

Kind Regards,

Director, Global Education Policy and Development World Education Services
